Pro-Graphic

Tried, tested and trusted
to deliver.

Designed for Production Printing

Ricoh's Pro-Graphic media has been carefully selected from sustainable sources to meet our stringent environmental criteria. It is rigorously tested in our printers to ensure optimum performance and outstanding productivity.

Our papers. Our printers

We've developed a whole paper range that's specifically designed for Ricoh Production Printing. Produced to high environmental standards, Ricoh Pro-Graphic has been created to improve the production printing process – from start to finish.

Using Ricoh Pro-Graphic on your Ricoh printers means that you can depend upon consistent print quality, sharper contrast, vibrant images, problem-free two sided printing and proven excellent runability.

You'll be certain of achieving outstanding results. Every time.

Quality, reliability, sustainability and value – you can trust Ricoh's Pro-Graphic to deliver them all.

Ricoh Pro-Graphic offers an extensive media range to meet all your needs. From 90g/m² to 300g/m²; A4, A3 and SRA3 in woodfree coated, gloss, silk and uncoated.

Ricoh Pro-Graphic has been designed to improve the production printing process:

Specifically created for Ricoh printers and toners

Proven runability for extended machine uptime

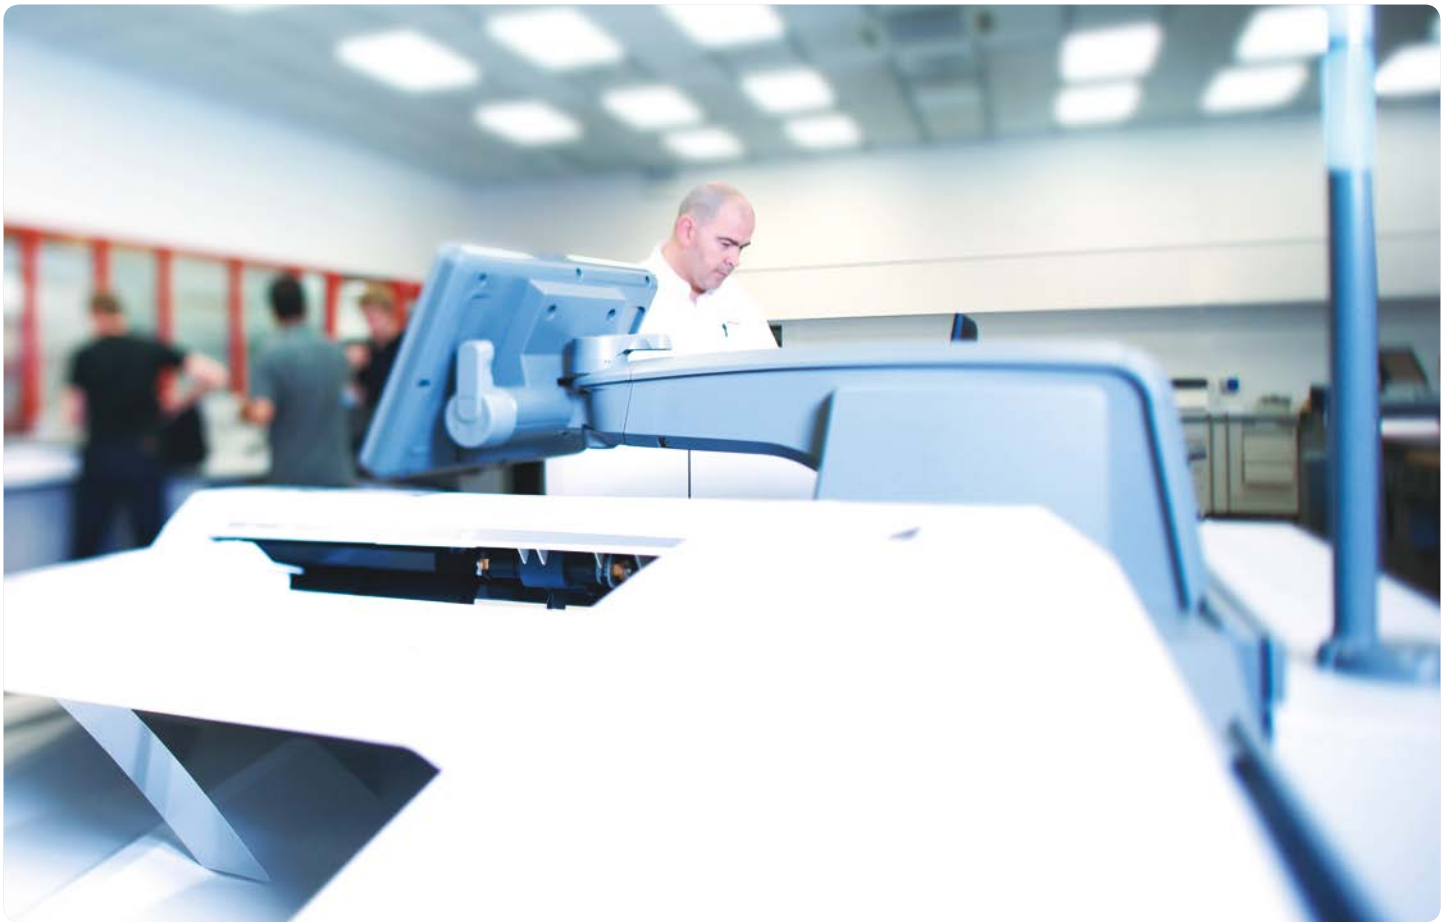

Consistent results day after day

Extensive media range

With offset-level high whiteness, it gives you the ideal choice for everything from direct mail, brochures, catalogues, prestige magazines, books-on-demand, manuals, marketing and corporate communication material including letterheads, business cards and transpromotional documents as well as product data sheets and more.

Tried and tested for outstanding performance

You want maximum uptime to enhance productivity. It's what our Production Printers are designed to deliver. With Ricoh Pro-Graphic, your choice of paper ensures the same high standards.

To ensure outstanding results, we regularly test it on our Pro™ range series Production Printers. We employ the strictest criteria that include blocking, feed performance, fusibility, stacking, image quality and paper curl amongst others. It's why you can depend upon Ricoh Pro-Graphic, run after run after run. How many other papers can promise that? But then, Ricoh Production Printers and Ricoh Pro-Graphic are literally made for each other and our media helps you get the best from the investment already made in our machines.

Urgent customer request? Need more stock fast? Wherever you are based in Europe, you can trust us to deliver within 24 hours of your online order or call. With Ricoh, you simply have one port of call for all your production printing needs.

The Range

The Pro-Graphic range offers a comprehensive range of weights and finishes for your needs.

A4 Uncoated	A3 Uncoated	SRA3 Uncoated	SRA3 GLOSS	SRA3 SILK
90g/m ²	90g/m ²	90g/m ²	115g/m ²	115g/m ²
100g/m ²	100g/m ²	100g/m ²	130g/m ²	130g/m ²
120g/m ²	120g/m ²	120g/m ²	170g/m ²	170g/m ²
160g/m ²	160g/m ²	160g/m ²	250g/m ²	250g/m ²
200g/m ²	200g/m ²	200g/m ²		300g/m ²
250g/m ²	250g/m ²	250g/m ²		
300g/m ²	300g/m ²	300g/m ²		

Key Benefits

- Continuously checked and monitored through internal quality audits and inspections
- Greater uptime than other papers
- Outstanding results
- Colour proven
- 24 hour delivery

About Ricoh

As a global company specialising in office imaging equipment, production print solutions, document management systems and IT services, Ricoh offers you true end-to-end solutions that can deliver efficiency gains and also cost efficiency.

The introduction of Ricoh media is central to our commitment to provide the best portfolio of digitally optimised paper to maximise the performance and efficiency of our machines.

Environmental gain

For over 50 years, Ricoh has been committed to creating environmentally responsible products and processes. For example, the paper mills use materials sourced from sustainably managed forests, their carbon footprint is low and they hold ISO 14001 (1996) and EU Eco label (2009) as well as FSC and PEFC certification. Throughout the entire manufacturing process and usage of our media, we strive to minimise the environmental impact.

And our environmental approach doesn't come at a price. Whilst changing the way you print to meet and exceed your evolving sustainability needs, we can also reduce your costs – all as part of our unrivalled offering as your tried, tested and trusted partner in print.

Environmental Programmes

Our environmental solutions can offer many opportunities to reduce your carbon footprint and take control of your printing costs using solutions such as:

- The Carbon Balanced Printing Programme
- The Ricoh Business Driver Programme™ tools and consultancy services including the industry's first ISO 16759 certified carbon calculator
- Return, Reuse and Recycle programmes

We offer a balanced mix of software, services, hardware and change management, and our Carbon Balanced Printing Programme provides the consultancy service to analyse, optimise and neutralise your CO² emissions to reduce the environmental impact of your printing activity.

Our printers, our toners, our paper

If you require sample packs of the range, please contact Ricoh supplies on 0208 328 1000.
